- Regulations on Fees ("Regolamento sulla contribuzione") issued with Rector's Decree no. 1147/2010 of 15 July 2010, as amended
- Resolution of the Board of Directors of the University of Pavia dated 25 May 2021

The amounts indicated in this notice shall apply as from 25 May 2021.

Detailed provisions regarding university fees that all students are required to know are contained in the respective regulations that can be consulted here: [webpage](#).

BACHELOR'S AND MASTER'S DEGREE COURSES

COMPOSITION OF UNIVERSITY FEES

The university fee consists of a fixed part and a variable part (variable fee) calculated according to the financial situation of the student's family unit (Equivalent Economic Situation Indicator – ISEE), the course of study enrolled on and the number of years of enrolment in respect of the normal course duration.

The **fixed part** consists of the following items:

Regional right to study tax	€140.00
Stamp duty	€16.00
Total	€156.00

The **variable fee** considers the following elements:

- A. The study course enrolled on. Study courses are split up into 4 "Fee Areas" as shown in [Annex 1](#);
- B. The financial situation of the student's family unit, assessed on the basis of the ISEE Universitario or the "equivalent ISEE".

The ISEE Universitario is issued on request by CAF (Tax Advice Centre) or INPS (National Social Security Institute) to students with family unit residing in Italy and with income and assets generated/held in Italy or abroad by December 31, 2021. The **equivalent ISEE** is calculated by the University following presentation of the necessary documentation to students with family unit residing abroad and with income and assets generated or held abroad or in Italy. For more information on ISEE please refer to the [INPS](#) website.

[Annex 2](#) shows the amounts of the variable fee that are determined by cross-referencing the ISEE class with the category of the study course enrolled on and the number of years of enrolment. The number of years of enrolment in respect of the normal course duration is calculated from the year of matriculation at the University in relation to the active academic career.

Below the ISEE value of €23,000.00 (for students enrolled for a number of years below or equal to the duration of the study course, plus one year) the variable fee is zero; above

€75,000.00 (€80,000.00 for students enrolled for a number of academic years greater than the normal duration of the course, plus one year) the maximum fee is applied. For students enrolled for a number of academic years above the normal course duration, plus one year, for some income brackets (ISEE class < €26,000 and ISEE class > €76,000), the variable fee will be increased by the amount indicated in the table ([Annex 2](#)). The table below shows the amounts of the variable fee due for the top income bracket depending on the number of years of enrolment and the fee area.

FEE AREA	TOP BRACKET AMOUNT (for students enrolled for a number of academic years below or equal to the normal course duration, plus one year)	TOP BRACKET AMOUNT (for students enrolled for a number of academic years greater than the normal course duration, plus one year)
1	€3,187.00	€3,460.00
2	€3,507.00	€3,807.00
3	€3,985.00	€4,327.00
4	€4,463.00	€4,845.00

Placed in the top fee bracket, in relation to the Area of the study course enrolled on, are students who:

- 1) have not authorised the production of an ISEE Universitario;
- 2) have authorised the production of an ISEE but not Universitario, or an ISEE containing non-conformities;
- 3) are unable to produce the documentation requested in the chapter below.

Annex 3 gives the list of special fees relating to transfers, issue of diplomas, participation in State tests or exams, enrolment on individual courses, etc.

PRESENTATION OF INCOME FOR CALCULATING UNIVERSITY FEES

Students from a family unit residing in Italy and with income and assets generated in Italy or abroad

Students seeking to benefit from a fee commensurate with their financial situation and who possess or intend to request the Income Self-Declaration (Dichiarazione Sostitutiva Unica, DSU) from CAF or INPS to obtain the ISEE Universitario 2021, must log in to their reserved area <https://studentionline.unipv.it/Home.do> (Secretariat > benefits) between **1 July** and **25 October 2021** and authorise the University to automatically acquire the data contained therein. Consent may therefore be given even if the student is not yet in possession of the ISEE. For authorisations received after 25 October, a late payment fee of €165.00 will be due (exemptions and special conditions relating to the late payment fee are given in **Annex 4**). Please note that the ISEE will not be accepted if it contains non-conformities.

For students who have not applied for the ISEE 2021 on serious grounds, there is the possibility (on an experimental basis) of submitting the ISEE 2022 and paying a penalty of €330.00. The relative request must specify the reason for the request and must be submitted to the address ufficiotasse@unipv.it using the form published on the University [webpage](#). Students meeting the requirements to obtain the ISEE Corrente will be able to submit it in place of the ISEE Universitario. It is noted that the ISEE Corrente is valid for six months from the moment of submission of the DSU that generated it, and that to be used for university purposes it must therefore be requested from **1 July** to **31 December 2021**. For more information on the ISEE Corrente please refer to the relevant web page on the [INPS](#) website.

It is noted that students applying to the Regional Agency for the Right to University Study (EDiSU Pavia) to obtain benefits relating to the right to study (e.g. scholarships, assignment of places in university colleges, canteen services, etc.), must follow the same procedure as that described above, also authorising through their UNIPV reserved area the University's automatic acquisition of ISEE certification from the INPS database.

Students from a family unit residing abroad and with income and assets generated abroad or in Italy

Students wishing to benefit from a fee commensurate with their financial situation must present by no later than **25 October 2021** to the address ufficiotasse@unipv.it the necessary documentation listed below to identify their income status, as set out in art. 4 (B) of the Regulations on Fees, attesting to:

- the total income of the family unit in the calendar year 2020;
- the composition of the family unit, indicating any family members with serious disabilities;
- the physical size in square metres of owned property;
- the amount of financial assets of the student's family unit as of December 31, 2020.

If the student is resident in Italy and does not meet the requirements to be considered an independent student (see paragraph below), in addition to the above documents he/she must also send the ISEE Ordinario. Once the documents have been verified, students will be contacted by email for delivery of the original documents. Criteria for calculating the equivalent ISEE will be published on the University's [web page](#).

Only students from a family unit residing abroad applying to the Regional Agency for the Right to University Study (EDiSU Pavia) to obtain the benefits relating to the right to study (e.g. scholarships, assignment of places in university colleges, canteen services, etc.) will be required to submit the application only in accordance with the procedures and deadlines established by the Agency at the following [web page](#). The EDiSU in question will transmit the data directly to the University for calculating the fee due, without the student having to do anything more. More detailed information can be found on the web page [Fees and benefits](#).

Students with a mixed income will have to follow all the instructions given in the previous points, depending on the origin of the income.

Independent students

A student may be deemed to be independent according to art. 5 paragraph 3 of the DPCM of 9 April 2001 and present his/her ISEE Universitario as a sole component of the family unit only if both of the following requirements are met:

- a) Residence, resulting from official (public registry) records, outside the dwelling of the family unit of origin, for a period of at least two years in respect of the date of **25 October 2021** in a property not owned by a member of the family unit of origin;
- b) Own income obtained from employed or similar work, not being an employee working under a family member, declared in tax returns for at least two years, amounting to not less than €6,500.00.

If, further to checks carried out, the elements needed to be considered an "independent student" are absent, the penalties set forth in art. 14 of the Regulations on Fees will be applied.

Stateless students or political refugees

Students in possession of documentation attesting to this status and eligible to be considered independent students may submit the ISEE Universitario by authorising the automatic acquisition of documentation through their reserved area. If they cannot obtain this documentation, they may apply for the ISEE Ordinario by sending by no later than **25 October 2021** the DSU reference number to ufficiotasse@unipv.it, which will acquire it directly through INPS.

Students from particularly poor countries

Assessment of the financial situation of students from particularly poor countries, the list of which is defined each year in a Ministry Decree, is carried out on the basis of documentation listed in [art. 13 paragraph 5 of the DPCM of 9 April 2001](#).

Non-EU students with FLAT RATE regime

International students with non-EU citizenship in possession of an entry visa/residence permit for study purposes who have not submitted information on income generated abroad to apply to the University and/or EDiSU for facilitations, services or benefits are placed in one of the fee classes given in **Annex 5** based on the country of citizenship and the study course enrolled on. The Flat Rate fee class is selected at the time of matriculation, and remains unchanged for a number of years corresponding to the normal duration of the study course plus one year. For students admitted to academic years after the first year, the *Flat rate* remains unchanged for a number of years corresponding to those remaining of the normal course duration plus one year.

Students may decide to leave the *Flat rate* regime before the end of the normal period of application as per above and ask for the fee to be calculated based on the financial situation of their family unit of origin, in the same way as for students from family units residing abroad. In this case, they will no longer be able to make use of the *Flat rate* regime in following years. Upon exceeding the number of years of enrolment, made up of the normal course duration plus one year, the student may ask for the fee to be calculated on the basis of income generated abroad, or he/she will be automatically placed in the fee class provided for by the *Flat rate* regime for his/her country for that year.

Dual citizenship

In the case of dual citizenship, being a citizen of an EU country takes priority, and the rules for calculating the fee shall follow the rules applicable to EU students. It is therefore not possible to ask for the *Flat rate* regime to be applied.

Enrolment of part-time students

Students who for reasons of work, care of family members or health are unable to fulfil the study commitments of full-time students, in terms of timing and study methods, may apply for part-time enrolment. The provisions governing this form of enrolment are contained in the ad hoc [Regulations](#) published on the University's web page.

INSTALMENTS

The fee payable by the student is divided into four instalments.

First instalment

Students applying for a study course must also pay the fixed first instalment of **€156.00**.

Students enrolling to years following the first year (or applying to retake the first year) must pay the first instalment, comprising the fixed fee of €156.00 plus 20% of the variable fee paid in the previous academic year.

All students enrolled in years following the first year must pay the first instalment by **24 September 2021**

Second and third instalments

The second and third instalments shall be, respectively, 40% and 30% of the variable fee payable by the student, net of the amount paid in the first instalment based on the presented ISEE or the top bracket amount for those not intending to take advantage of the reduced fee calculated in proportion to the financial situation of the family unit of origin.

All students, including freshmen and first-year students, must pay the second instalment by **3 December 2021** and the third instalment by **11 February 2022**

Fourth instalment

The fourth instalment shall be the difference between the total amount due for the entire academic year and what has already been paid in previous instalments.

All students must pay the fourth instalment by **15 April 2022**

EXEMPTIONS AND REFUNDS FOR BACHELOR'S AND MASTER'S DEGREE COURSES

Any refunds due will be paid by bank transfer to the beneficiary's current account, of which the student is the holder or joint holder, as indicated in the reserved area by entering the relative IBAN code.

After having checked the correctness of the IBAN code indicated by the student, reimbursements accrued by the end of April 2022 will be paid by the end of July 2022.

Regional tax exemption or refund:

1. persons with disabilities $\geq 66\%$;
2. foreign students receiving scholarships from the Italian government as part of development cooperation programmes and intergovernmental cultural and scientific agreements;
3. eligible non-beneficiary students meeting requirements for the awarding of regional scholarships provided by EDISU;
4. students not enrolling to a master's degree course if the Level I qualification is not obtained by the 31 March 2022 deadline, as established in Art. 8 of the Students' Regulations, will automatically obtain a refund of the fee, net of the amount paid by way of stamp duty;
5. enrolled students who for the same academic year have paid the regional tax at another University in the Lombardy region.

Exemption from or refunding of the variable fee:

1. persons with disabilities $\geq 66\%$ and students with a disability established pursuant to art. 3 paragraph 1 of Law 104/1992;
2. foreign students receiving scholarships from the Italian government as part of development cooperation programmes and intergovernmental cultural and scientific agreements;
3. students receiving or eligible for regional scholarships provided by EDiSU;
4. students enrolled for the first time at an Italian University in a single-cycle bachelor's or master's degree course who have obtained a maximum score of 100/100 in school-leaving examinations. The same rule will also apply to freshmen with a foreign (school-leaving) diploma if it appears from the certificate of equivalence of qualification that the grade obtained is the maximum achievable grade. This exemption applies only to the year of matriculation;
5. students enrolled for a number of years (taking into account all the years of enrolment at university) less than or equal to the normal course duration plus one year with ISEE less than or equal to €23,000.00;
6. graduates within the normal duration of single-cycle master's degree courses will obtain a 100% refund of the variable fee of the previous year if in their academic career they have a number of enrolments equal to and not greater than the normal duration of the course of study on which they are enrolled;
7. graduates within the normal duration of master's degree courses will obtain a 100% reimbursement of the variable fee paid for the last year of the master's degree course if they have a number of years of enrolment not exceeding three on the level 1 degree course and not exceeding two in the subsequent level II course. The benefit may not be obtained in one of the following cases:
 - a. if the academic year of matriculation for the master's degree course does not follow on directly from the academic year when the three-year degree course is completed;
 - b. if the student has academic transfer credits (with admission to years after the first year) in either of the two courses;
 - c. if the student has already benefited from this form of exemption (e.g. obtaining a second master's degree);
8. students enrolled on ordinary courses of the Istituto Universitario di Studi Superiori (IUSS) of Pavia who are awarded a free place at University Colleges, for the duration of the entire university course;
9. permanent employees of the University of Pavia. The benefit may be requested by each employee for no more than five academic years for each three-year course of study and for up to seven academic

years, inclusive of the master's degree, or for single-cycle degrees. Registration must also be of interest to the University, and consistent with personnel growth plans in respect of the work performed;

10. enrolled students who are the children of at least one permanent technical-administrative employee with an ISEE of below €25,000.00 are exempted from paying 50% of the variable fee. This benefit may be used for up to one year more than the number of years of normal duration of the study course enrolled on, and the student concerned must have acquired, in the previous year, at least 30 ECTS credits;
11. students for whom full equivalence of the academic qualification obtained abroad is recognised are exempted from paying 50% of the variable fee;
12. interested students who have taken and recorded all the examinations and/or other educational activities prescribed as mandatory by their syllabus by 30 April of the academic year of most recent enrolment and who will obtain the relative qualification by 30 September of that year (15 December for study courses in the healthcare professions) may apply for an exemption of 75% of the variable fee payable for the next academic year. If exams are recorded and/or the final exam is taken after the above dates, the student will be required to pay the full amount of the variable fee established for his/her study course. To obtain the benefit, interested parties do not have to enrol for the new academic year within the deadlines set for other students (for years after the first year), but shall enrol in the period between 1 March and the deadline established in the academic calendar for the payment of the fourth instalment. Before paying the first instalment, these students shall request the recalculation of the fee due c/o the student career management office ("U.O.C. Gestione carriera studenti");
13. if siblings are enrolled in the same academic year on Level I and/or Level II degree courses at the University of Pavia, a discount of €300.00 is applied on the variable fee, providing the ISEE of the family unit to which the students belong is less than or equal to €45,000.00 (Siblings Bonus). The "bonus" is granted to each sibling subject to the following conditions:
 - a. they must be enrolled at the University of Pavia in the same academic year; if during the academic year one of the two siblings completes the degree course or decides to end his/her academic career as a result of transfer, renunciation, etc. the bonus will in any case be granted to the student who retains his/her enrolment for that academic year;
 - b. they are present in the family unit as certified for the purposes of calculating ISEE (thus it is not applicable to independent students or students who have formed a family unit of their own). The discount relates to the part of the variable fee due, and within that amount; therefore if a student, applying the existing rules, does not owe any sum by way of variable fee or owes a figure below €300.00, the discount applied will be equal to the amount due to the University;
14. students who after coming of age live outside the family unit of origin further to a decision taken by the judicial authorities (so-called "care leavers");
15. students not enrolling to a master's degree course if the Level I qualification is not obtained by the 31 March 2022 deadline as established in Art. 8 of the Students' Regulations automatically obtain a refund of the variable fee paid.

Also exempt, totally or partially, from payment of the variable fee are students coming under the cases provided for by legislation or governed by an agreement entered into by the University of Pavia, or by a resolution of the Board of Directors, with the aim of boosting specific study courses.

The possible reimbursement of taxes and fees is conditional upon compliance with the rules set out in art. 11 of the Regulations on Fees.

Annex 1: Fee Areas for Study Courses

DEPARTMENT/FACULTY	STUDY COURSES	FEE AREA
Law	ALL	1
Political and Social Sciences	ALL including Communication, Innovation, Multimedia study courses; Digital Communication	1
Musicology and Cultural Heritage	ALL except for the single-cycle master's degree course in Cultural Heritage Conservation and Restoration	2
Nervous System and Behavioural Sciences	Only bachelor's and master's degrees in psychology	2
Economics and Business Studies	ALL	2
Humanities	ALL including the master's degree in European History	2
Musicology and Cultural Heritage	Single-cycle master's degree in Cultural Heritage conservation and restoration	3
"Lazzaro Spallanzani" Biology and Biotechnologies	ALL including Biotechnologies-related study courses	3
Chemistry	ALL	3
Physics	ALL	3
Engineering	ALL including Bioengineering-related study courses	3
Mathematics	ALL	3
Medicine and Surgery	Three-year and master's degrees in Healthcare area; Master's degree course in medical and pharmaceutical Biotechnologies; Motor Sciences-related master's degree courses	3
Pharmaceutical Sciences	ALL	3
Earth and Environmental Sciences	ALL	3
Medicine and Surgery	Single-cycle Medicine and Surgery study courses; Dentistry and Dental Prosthetics; Motor Sciences-related degree courses	4

ISEE = ISEE Universitario value

1 CO IC and RI + 1 = value of variable fee for students enrolled for a number of academic years less than or equal to the normal duration of the study course, plus one year

2 CO RI + 2 and above = value of variable fee for students enrolled for a number of academic years greater than the normal duration of the study course, plus one year.

The academic year from which one starts to count each student's number of enrolments in respect of the normal duration of the study course is the academic year of matriculation at the university.
