

UNIVERSITÀ
DI PAVIA

Applying for attendance on premises.

A.y. 2020/2021 (first semester) courses' attendance.

This app will allow you to declare if you plan to attend courses on premises or online during your first semester in the academic year 2020/2021. A declaration is necessary for each course.

You will be allowed to attend classes on premises only if you complete the survey within the deadline fixed for your study course.

Your answers are necessary to organize our classroom attendance; shifts will be organized if the total number of students wishing to attend is more than the available total seats (the number of seats is set in compliance with current health regulations).

Please declare your decision to attend classes on premises only if you are sure. If you are not and you decide to not attend you may have taken a seat away from a fellow student.

You will be able to change your preferences within the deadline fixed for your study course.

My courses

This page will show all courses from previous academic years of which you have not passed the final exam yet; you will also find all courses offered in the current academic year; in the second list you will find all courses that you added manually.

You may add more courses using the "Add/remove courses" button.

WARNING: 9 courses have not been confirmed; if you plan to attend anymore courses please choose between "Courses on premises" or "Online courses"; otherwise we do not need further confirmation.
