Statements from employers are also accepted.

**3. Family unit's real estate properties as of 31 December 2021** (specifying the relative surface area in square meters, or the absence of properties):

- Certificate from a local office (comparable to the Italian real estate registry office) that certifies the real estate property belonging to the student's family unit (including the specific features and the share of property belonging to the right holders. All the documents/certifications must be **issued by the competent authorities** of the country in which the income is generated and the real estate properties and movable assets are owned, and **legalised by the Italian diplomatic representations** competent for the territory in question, **with Italian translation certified** by the same authorities.

There are [some countries](#) belonging to the **Hague Convention of October 5, 1961**: in this case, the legalization can be done through [Apostille](#).

The legalization of signatures is not necessary for all documents **issued by administrative authorities in the following countries**: Belgium, Denmark, France, Ireland, Latvia ([Brussels Convention of 25 May 1987](#)), Germany (Rome Convention of 7 June 1969), and Hungary (Budapest Convention of 26 May 1977).

The legalization of signatures is not necessary for documents **issued by a foreign diplomatic or consular representation with offices in Italy** for the states belonging to the [London Convention of 7 June 1968](#) or the [Brussels Convention of 25 May 1987](#).

For countries where there are particular difficulties in issuing certification legalised by the local Italian Embassy, certification issued by the diplomatic or consular representation in Italy of the country in which the incomes are generated and assets are held may be presented, drafted in Italian and legalised by the Prefectures pursuant to art. 33 of Presidential Decree 445 of 28 December 2000.
