

UNIVERSITÀ
DI PAVIA

**ESTABLISHED
IN 1361**

WELCOME

The University of Pavia (Unipv) is one of the world's oldest Academic Institutions and over the last six centuries has become one of the foremost in Europe, boasting an impressive number of famous Alumni, celebrated Academicians and Nobel Prizes.

Nowadays the University of Pavia is an Internationalization-driven University which participates in agreements with worldwide esteemed institutions, an advanced Research University, and a Job-oriented University which creates powerful networks.

The excellent Student-Faculty ratio guarantees all students a personalized learning path and enhances the quality of teaching.

Moreover Pavia, with 70.000 permanent residents and over 26.000 students, is a student-sized environment and has been a City-Campus since its foundation, offering the unique experience in Italy – and rare in Europe – of living in one of the 21 University Residences of the City.

With a wide variety of both Academic and social opportunities, Pavia is the ideal place to choose for studying and living abroad.

OUR LOCATION

Welcome in Pavia

The City of Pavia offers a lively and safe environment with a high quality of life.

Founded in Roman times, Pavia fascination remains intact with the center's maze of narrow streets, ancient churches and elegant buildings, all bordered by the Ticino river.

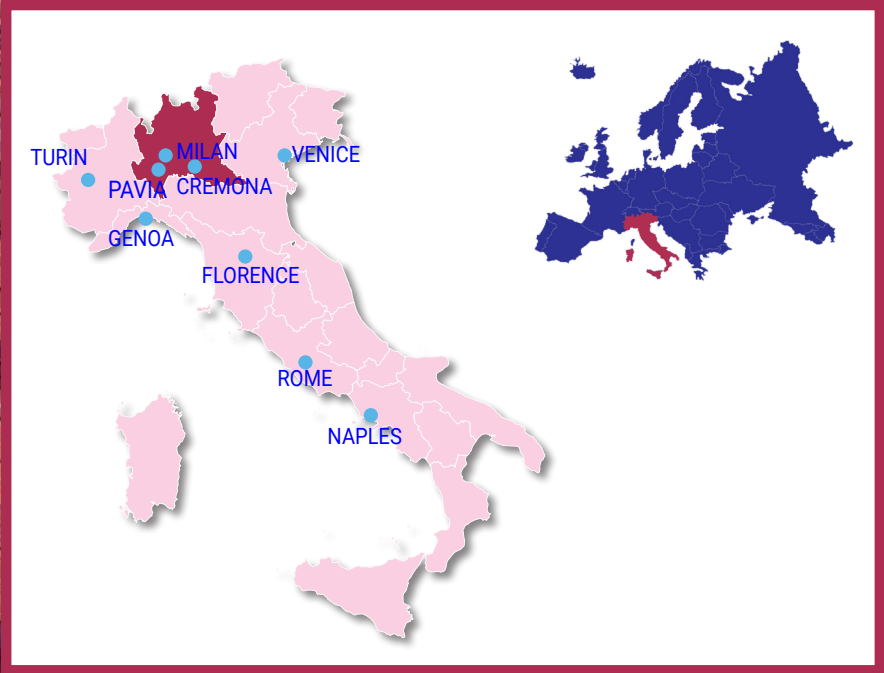

The Departments of Humanities are located in the historical city center, while the technological and scientific pole is located in the north-western part of the city (well connected with buses).

Cremona, the city of Stradivarius, 85 km from Pavia, hosts the Department of Musicology and Cultural Heritage.

Close to Milan and linked to the world

Only 30 kilometers south of Milan, Pavia is also close and well connected to the Swiss border and many of the major tourist attractions of Northern Italy: the Ligurian coast, the lakes of Como and Garda, the mountain range of the Alps.

Three international airports (Malpensa, Linate and Orio al Serio) service direct flights from many international hubs including London, Paris, Amsterdam, New York, Toronto, Dubai.

ITALIAN LIFE

Beauty and Culture

Italy is the Country of beauty and culture. Everywhere is filled with attractions to suit every taste and budget, including heritage sites, famous museums and galleries, iconic castles and palaces. Living in an Italian city is like living in an open air museum, where every street and building tell a long and unique story.

Landscapes and Nature

You will be surprised by the natural attractions Italy offers outside cities. Travelling only one hour from Pavia, you will discover high mountains, sweet hills and vineyards, postcard seascides. Whether you decide to take part in trekking or hiking or just go for a relaxing walk, you will find the right place for your outdoor activities.

Italian Food is a life style

Italian food is famous all over the world. Here you will taste the original most famous plates, such as pizza, pasta, risotto, panino, coffee. Pavia is a slow food destination especially known for rice, wine and salami. Start your day with a cappuccino and cornetto, as Italian do, and have an aperitivo (a drink including finger food) before dinner in the main square of the city, embracing the sweet and slow Italian life style.

AN INTERNATIONAL UNIVERSITY

Pavia is a globally connected university with deep civic roots. We offer a range of opportunities for students to ensure they benefit from an international experience.

Studying in Pavia: an international experience

The University is continuously increasing its academic offer through a wide range of English-taught Degree programs, Bilingual Degree programs, Double Degree programs, Joint Master's Degrees.

Unipv also offers virtual and short mobility opportunities and blended intensive programs.

Exchange and Study abroad opportunities

The University of Pavia was one of the first Institutions in Europe to accept Erasmus students and has always encouraged the exchange of students and teaching staff all over the world. You can choose among hundreds of destinations in Europe and in many Non-EU countries, including: Argentina, Australia, Brazil, Canada, Chile, China, India, Iran, Iraq, Israel, Iceland, Japan, Jordan, Lebanon, Mexico, Morocco, Nepal, Palestine, Russia, Singapore, Switzerland, Taiwan, Thailand, Tunisia, United Kingdom, USA, Vietnam.

Learn more internazionale.unipv.eu/en/

European Campus of City Universities - EC2U

Studying in Pavia also means belonging to a wider campus, the European Campus of City Universities, constituted by seven historical and multidisciplinary Universities (Coimbra, Iasi, Jena, Pavia, Poitiers, Salamanca, Turku). This Alliance, co-funded by the European Commission, aims to create a true Pan-European Campus, increasing student and researchers exchanges within the 7 Academic communities and developing innovative models in the fields of Education, Research and Society.

Within EC2U, three Joint Master Degree Programs have been created:

- European Languages, Cultures and Societies in contact
- Lifelong well-being and healthy aging
- Science in Sustainable cities & communities

UNIPV FOR SUSTAINABILITY

Office for Sustainable Actions

The University of Pavia actively works for sustainability and inclusion through the Office for Sustainable Actions (OSA).

In particular, OSA:

- defines the objectives and promotes communication on these issues and on the related best practices
- coordinates activities and identify possible synergies between different thematic groups
- enhances the educational offer and fosters research on SDGs for students and citizens
- accredits the University as sustainable institution and increases its visibility (GreenMetric Ranking)

- facilitates the networking with national and international sustainable universities (RUS network) and the activation of partnerships with local authorities and public utilities involved.

With reference to the Agenda 2030 Sustainable Development Goals (SDGs), the following 6 action fields have been defined: Buildings and Greenery, Energy, Waste and Circular economy, Mobility, Social sustainability, Health and Wellness.

Actions towards a more sustainable Mobility (involving SDG 7, 11 and 13):

- UniPass - bus discounts for Unipv students and employees
- Bike Sharing
- Car Sharing and car pooling
- Sustainable Erasmus (TRANSIT) - additional grants for sustainable travel
- ActiveToWork@UniPv - promoting active and sustainable mobility for unipv students and employees home-work commuting
- Flixbus discounts
- University shuttles for special-need people
- Smart Working for administrative university employers
- Electric charging columns within the campus
- New Green Erasmus Area - a green, inclusive and sustainable space for students

Actions towards a more responsible consumption and production (SDG 12):

- Massive files and archives digitalization
- Free reusable bottles for students
- Free water dispenser within the campus
- Smartphones recycling points
- Recycling promotion

Discover more sustainable actions on osa.unipv.it

STUDY WITH US: BACHELOR'S AND MASTER'S DEGREE PROGRAMS

The University of Pavia is an interdisciplinary University, with 18 Departments and 13 Areas of studies. Beside the Italian Academic Offer, we display 20 English-taught degree programs, 4 bilingual programs and 9 double degrees. We also offer Master's degree programs plus (LM+), special programs made up of 5 semesters rather than 4 including a paid internship period in a company.

Communication

BA in Comunicazione, innovazione, multimedialità
MA in Comunicazione digitale (Bilingual - English and Italian)

Economics and Management

BA in Economia
BA in Management
BA in Amministrazione, controllo e finanza
MA in Economia e gestione delle imprese (Double Degree - France, Germany)
MA in Economia e legislazione d'impresa (Double Degree - Germany)
EN taught MA in Economics, Development and Innovation
EN taught MA in Finance (Double Degree - 9 Countries)
EN taught MA in International Business and Entrepreneurship (Double Degree - 8 Countries; LM +)
Joint MA in International Development Studies (GLODEP)

Engineering

BSc in Bioingegneria
BSc in Ingegneria civile e ambientale
BSc in Ingegneria elettronica e informatica
BSc in Ingegneria industriale
MSc in Bioingegneria
MSc in Ingegneria edile e architettura (5 years) (Double Degree - China, Spain)
MSc in Ingegneria civile (Bilingual - English and Italian; LM +)
MSc in Ingegneria per l'ambiente e il territorio (Bilingual - English and Italian; LM +)
EN taught MSc in Computer engineering (Double Degree - China)
EN taught MSc in Civil engineering for mitigation of risk from natural hazards
EN taught MSc in Electrical engineering
EN taught MSc in Electronic engineering
EN taught MSc in Environmental Engineering - Curriculum in REACH: RESilience to climAte CHange Effects
EN taught MSc in Industrial automation engineering

Health Professions

BSc in Infermieristica
BSc in Ostetricia
BSc in Fisioterapia
BSc in Terapia della neuro e psicomotricità dell'età evolutiva
BSc in Logopedia
BSc in Tecnica della riabilitazione psichiatrica
BSc in Terapia occupazionale
BSc in Tecniche di laboratorio biomedico
BSc in Tecniche di radiologia medica, per immagini e radioterapia
BSc in Tecniche di neurofisiopatologia
BSc in Tecniche ortopediche
BSc in Tecniche di fisiopatologia cardiocircolatoria e perfusione cardiovascolare
BSc in Dietistica
BSc in Igiene dentale
BSc in Tecniche della prevenzione nell'ambiente e nei luoghi di lavoro
MSc in Scienze infermieristiche ed ostetriche

Humanities

BA in Bachelor's Degrees
BA in Filosofia
BA in Lettere
BA in Lingue e culture moderne
MA in Filosofia (LM +)
MA in Antichità classiche e orientali
MA in Filologia moderna
MA in Scrittura e progetti per le arti visive e performative
MA in Linguistica teorica, applicata e delle lingue moderne
MA in Letterature europee e americane (Double Degree - France)
MA in Storia e valorizzazione dei beni culturali
MA in Storia globale delle civiltà e dei territori
EN taught MA in The ancient Mediterranean world: history, archaeology and art
Joint MA in European Languages, Cultures and Societies in contact - EC2U

Law

BA in Scienze dei servizi giuridici
BA in Scienze giuridiche della prevenzione e della sicurezza
MA in Giurisprudenza (5 years) (Double Degree - Argentina)

Medicine & Surgery

MSc in Medicina e chirurgia (6 years)
MA in Odontoiatria e protesi dentaria
EN taught MSc in Medicine and surgery (6 years) (Harvey course)
EN taught MSc in Medical and pharmaceutical biotechnologies
Joint MSc in Lifelong well-being and healthy aging – EC2U

Musicology (based in Cremona)

BA in Musicologia
BA in Scienze letterarie dei beni culturali
MA in Musicologia
MA in Storia e valorizzazione dei beni culturali
MA in Conservazione e restauro dei beni culturali (5 years)

Political and Social Sciences

BA in Scienze politiche e delle relazioni internazionali
EN taught BA in Social Sciences for Global Challenges
MA in Governo e politiche pubbliche
MA in Studi dell'Africa e dell'Asia
MA in Sviluppo economico e relazioni internazionali
MA in Storia globale delle civiltà e dei territori
EN taught MA World politics and International relations (Double Degree - Argentina)

Psychology

BA in Scienze e tecniche psicologiche
MA in Psicologia
EN taught MA in Psychology, neuroscience and human sciences

Pharmacy

MSc in Farmacia (5 years)(LM +)
MSc in Chimica e tecnologia farmaceutiche (5 years)
EN taught MSc in Industrial nanobiotechnologies for Pharmaceuticals
Joint MSc in Nanomedicine for drug delivery

Sciences

BSc in Chimica
BSc in Fisica
BSc in Matematica
BSc in Scienze e tecnologie per la natura
BSc in Scienze geologiche
BSc in Scienze biologiche
BSc in Biotecnologie
EN taught BSc in Artificial intelligence
MSc in Chimica (LM +)
MSc in Scienze fisiche (LM +)
MSc in Matematica (LM +)
MSc in Scienze della natura (LM +)
MSc in Biologia sperimentale e applicata
MSc in Neurobiologia
MSc in Biotecnologie avanzate (LM +)
MSc in Biotecnologie mediche e farmaceutiche
MSc in Geoscienze per lo sviluppo sostenibile (Bilingual - English and Italian; LM +)
EN taught MSc in Artificial Intelligence for Science and Technology
EN taught MSc in Molecular biology and genetics
EN taught MSc in Neurobiology
EN taught MSc in Agri-food sustainability
EN taught MSc in Physical science - Biomedical physics curriculum

Sport Sciences

BSc in Scienze motorie (based in Voghera)
MSc in Scienze e tecniche delle attività motorie preventive e adattate (based in Pavia)

HOW TO APPLY: BACHELOR'S DEGREE PROGRAMS MASTER'S DEGREE PROGRAMS

1. Choose your program

Check out the list of degree programs listed in apply.unipv.eu

2. Check the entry requirements

Check specific entry requirements which may vary depending on the program.

General entry requirements for **Bachelor's programs** are:

- High School Diploma at least after 12 years of schooling;
- At least 17 years old;
- Any specific National Exam of your home country that is required to access higher education (e.g. Chinese Gaokao, Brazilian Vestibular);
- Declaration of Value (DOV) issued by the Italian Embassy/Consulate in the country where the qualification was awarded, or the Statement of Comparability issued by CIMEA, stating that you are eligible to enroll in a Bachelor's Degree program in Italy.

General entry requirements for **Master's programs** are:

- Bachelor Diploma (in subjects related to the Master of interest) with transcript of records;
- Declaration of Value (DOV) issued by the Italian Embassy/Consulate in the country where the qualification was awarded, OR the Statement of Comparability issued by CIMEA, stating that you are eligible to enroll in a Bachelor's Degree program in Italy. Alternatively, the Diploma Supplement issued by your home University.

see cimea.it/EN/

3. Check application deadlines

For most programs the application deadline is the end of May for international students.

4. Complete your application

Upload the required documents and submit your application on apply.unipv.eu.

5. Entry test

A selective/non-selective local Entry Test or a selective Interview is required by the majority of courses.

A selective national Entry Test (in early September) is required to be admitted to the following degrees: Medicine and surgery, Medicina e chirurgia, Odontoiatria, Professioni sanitarie, Ingegneria edile-architettura

6. You'll hear from us

We'll be in touch by 4 weeks from your application to tell you if you have been admitted or have been unsuccessful.

APPLYING FOR A STUDY VISA

1. Before application: get your documents issued in English by your Home University, or translated into Italian by a translator

2. November-May for the majority of courses: submit your Application on apply.unipv.eu

3. After application: sit the selective Interview (if required)

4. After having received an unconditional/conditional letter: do the Pre-enrollment and Visa application on universality.it

5. Only for Italian-taught degrees
After Pre-enrollment and Visa application: sit the Italian Language Test (unless you are entitled with an Italian proficiency certificate, see the list here: studiare-in-italia.it)

IF ADMITTED

6. After approval by the University: complete the Pre-enrollment for Visa application at the Italian Embassy in the country of residence

7. Within June: request and submit the Declaration of Value produced by the Italian Embassy in the country where the qualification was awarded and the official translation of your documents into Italian (unless they are issued in English by your Home University) and their legalization/apostille.

FEES AND FUNDING

Tuition fees

The tuition fee is divided into 4 installments: the first due at the moment of Enrolment, the other three due by December, February, April.

The tuition fee is adjusted to the student's economic situation and is composed of two parts (per year):

1. Fixed Fee: **156 euros**;
2. Variable Fee: calculated on the basis of the student's Area of Study and family income. It ranges from **0 to around 4.500 euros**.

Non-eu applicants can choose to pay the tuition fees according to a Flat Rate set on the basis of the student's Area of Study and Citizenship, according to three brackets. The Flat Rate ranges from **400 to 4.500 euros** per year.

See web-en.unipv.it/info-for/fees-and-fundings/

Scholarships

We believe our academic excellence should be supported. If you want to join us, you will be pleased to know there is financial help available:

- Tuition Fee waivers awarded by the University;
- 'Edisu Pavia' Scholarship that includes tuition fee waiver, accommodation in a residence, one meal per day at the canteens, a sum of money, according to the student's economic situation;
- Subject-specific scholarships;
- 'Invest your talent in Italy' providing a Tuition Fee exemption and a monthly grant, and also includes an internship in an Italian company.
- 'Study in Italy' provides a Tuition Fee exemption (Regional Tax excluded) and a monthly grant.

See web-en.unipv.it/info-for/fees-and-fundings/financial-support/

Living average costs

A guide to your costs

Accommodation	350 euro
Food	200 euro
Telephone/internet	30 euro
Entertainment	150 euro

Average cost per month

350 euro
200 euro
30 euro
150 euro

Healthcare

International students studying in Italy are eligible for medical treatment under the National Health Service and pay approximately 150 euro per year.

SHORT-TERM PROGRAMS

Foundation Year

Foundation Year is a 9-months Preparatory program tailored to all nationalities students who do not meet the 12-year schooling requirement, or other specific requirements, necessary to enroll in a Bachelor course at an Italian University. Students interested in learning or improving Italian are warmly invited to join the course. The program includes both Italian language classes and preparatory courses from one of the following Areas of study: Humanities, Science and medicine, Social Sciences. Students who pass the Foundation Year final exam will meet the minimum entry requirements for undergraduate study at the University of Pavia, and will be exempted from the Italian Proficiency University admission test.

Learn more: foundationyear.unipv.it

Marco Polo-Turandot

Marco Polo-Turandot is a 10-month Preparatory program of Italian language and culture, addressed to Chinese applicants.

The program includes Italian language classes, a course on Italian culture, as well as specific curricular contents and a test-training course designed to help students prepare for the final exams and be exempted from the Italian proficiency University admission test.

Learn more: marcopolo.unipv.eu

Summer schools

Summer and Winter Schools are high-quality intensive courses with a varied educational offer, organized in collaboration with national and foreign academic institutions and/or other international bodies.

The courses have a duration ranging from one to four weeks and can assign training credits to be recognized in study courses or for continuing education.

The courses are intended for different types of users: researchers, PhD students, post-graduate students or professionals, and public or private employees.

learn more: internazionale.unipv.eu/en/mobility/summer-winter-schools/

SDGs Courses and Open badges

"SDGs Courses" initiative aims at bringing students closer to the 2030 Agenda and to the United Nations Sustainable Development Goals (UNSDGs), with a view to contributing to a raising awareness of the most relevant issues and challenges of the contemporary world.

The courses are characterized by the strongly transversal and interdisciplinary imprint, being in fact open to all students, regardless of the degree course and the area they belong to.

The release of Open Badges, which is an innovative digital certification that collects the description of the skills, abilities and knowledge that a person has acquired through a training experience.

ABOUT LIFE
AT PAVIA**

web-en.unipv.it/chat-with-us/

ACCOMMODATION

Our University Residence System

Just like Oxford and Cambridge in the UK, Pavia has a Collegiate Residence System, unique in Italy, dating back to the 16th century.

Each of Pavia's 21 Residences ("Collegio"), that in total host approximately 2.000 students, has its own particular history and opportunities to offer, including the chance to build close relationships and helpful professional networks. In fact, Residence life is not only accommodation and study, but also an opportunity to acquire a sense of belonging to a community where academic achievements, traditional events, parties and sporting rivalries play a key role.

Private accommodation

If you are unable to find a place in a Residence or you prefer another solution, you can look for a room privately. From abroad you can search for rental announcements on specific websites or groups, while when you are in Italy you can rely on Notice boards located inside the University's buildings or on Real estate agencies.

The costs of a room in a flat can range from 150 to 350 euros per month, according to the accommodation type (single or double room) and the City's area.

HOW TO APPLY

For University residences you can apply from the end of June until mid-August.

For Private accommodation you can be assisted by *Centro Assistenza Studenti*.

see web-en.unipv.it/campus/accommodation/

STUDENT FACILITIES

ONLINE SERVICES

Via the **Student portal** and the App "MyUni-PV" students can check their account and access the various sections related to their University career, such as registration for exams, study plan, self-certifications, fees payment, average grade calculator, campus maps and so on.

Students are given an **Institutional email account** where all official communications from the University are conveyed, and inside the campuses they can access **free WiFi**.

Kiro Blackboard is the **E-learning platform** of the University of Pavia, in which students can find teaching materials, in-depth exercises, exam tests, verification tests and many other activities in support of teaching.

UNIVERSITY CARDS

The **Ateneo card** is the identification card of Unipv students and is issued by Banca Popolare di Sondrio, the treasury bank of the University. The card can be activated -without any costs- as a prepaid rechargeable credit card and is used by the University to credit any refunds, scholarships and sums due for student collaborations. It can also be used in stores in contactless mode and for internet purchases.

The **Smart card** allows students to access controlled-entry libraries and to use free drinking water dispensers.

LIBRARIES AND STUDY ROOMS

The University offers **37 Academic libraries** run by different faculties and departments. All the owned material is listed in OPAC Electronic Catalogue (Online Public Access Catalogue).

There are also **6 Study rooms**, located both in the Humanities campus and in the Sciences campus, some of which are open also during evenings and weekends.

Learn more: biblioteche.unipv.it

LANGUAGE CENTRE

The University of Pavia's Language Centre provides **language courses** -including Italian- throughout the whole Academic year, according to different options: semester course or one-month intensive course.

Learn more: cla.unipv.it

MUSEUMS

The University's Museum System offers a **variety of museums and collections** of interest to both students and the general public. The museums are free for Unipv students.

Learn more: musei.unipv.eu

CANTEENS

The Canteen Service runs **5 canteens** close to both the Humanities campus and the Sciences campus, some of which are open also during evenings and weekends.

Students can access the canteens at a special price: a complete meal from 4 to 6,50 euros, according to the student's economic situation.

FACILITIES FOR SPECIAL NEED STUDENTS

The University's **Centre for Special Need Students** (S.A.I.S.D.) takes care of the facilities for students with special needs, coordinating and monitoring all the initiatives related to the integration of these students in all aspects of University life.

Learn more: saisd.unipv.it

PSYCHOLOGICAL COUNSELLING

The service is free of charge and is offered both in Italian and English. The interviews with psychologists have a maximum duration of 50 minutes and take place via Zoom video-call platform.

TRANSPORT DISCOUNT

The University of Pavia, in partnership with the local bus company, offers all students "UniPass", an **Urban bus pass** at the special price. Moreover it offers a 10% discount on National and International **FlixBus rides**, which is valid once a month.

STUDENT LIFE

EVENTS FOR INTERNATIONAL STUDENTS

Join the **International Students Welcome Week**, an event to welcome organised in September. Furthermore, if you are interested in studying abroad, get ready for the **Study Abroad Infoday** in late November.

STUDENT ASSOCIATIONS

Stay updated on the schedule of our Associations and get involved in their programs! Every week you will find a number of cultural, sports and social activities open to all students. In particular, **STEP ESN Pavia** is a volunteering Association supporting International students arriving in Pavia, and also promoting various social events, such as dinners, parties, Quiz & Karaoke nights, City tours and trips.

Learn more: web-en.unipv.it/campus/student-associations

CAMPUS LIFE

Meet new friends during classes and share with them meals, study time, sport activities and cultural events at the University's facilities, located both in the City Center and in the western part of the Town. Take part in **competitions, social meetings and parties** organized both by the Residences and by each Degree course.

CITY OF PAVIA

Experience our historic City Centre and its **heritage sites**, cycle along Pavia's boulevards and enjoy the **natural landscape** by going for a walk or run in the Ticino park. Taste homemade food at our **traditional taverns** and plan **short trips** to discover the hills of the Province of Pavia and the major tourist attractions in the surroundings.

BE ACTIVE

Pavia has a lot to offer in terms of sports activities and facilities, and in 2014 it was internationally recognized as “**European City of Sport**” thanks to its enduring excellence in this field. For walkers and runners there are beautiful trails in Ticino Park and Vernavola Park, for cyclists safe paths throughout the whole City, whilst our Sports Center offers courses and organizes University championships and Intercollegiate tournaments in numerous disciplines.

The **University of Pavia's Sports Center** (“Centro Universitario Sportivo - C.U.S.”) carries out sports activities on non-competitive and competitive levels.

Courses available include: climbing, athletics, canoeing, rowing, volleyball, rugby, fencing, archery, fitness and sports activities specifically designed for students with disabilities.

FOCUSED ON YOUR FUTURE

Vocational Programs

The University of Pavia offers 49 Vocational programs, which are higher education one-year courses to be taken after graduation from a Bachelor's or Master's Degree.

EN taught Post-Bachelor Vocational Programs

Race engineering

Design and development of vehicle dynamics

Energy and environmental management and economics

Artificial intelligence in healthcare management

EN taught Post-Master Vocational Programs

Energy and environmental management and economics

Cooperation and development

Learn more: web-en.unipv.it/education/vocational-programs

PhD programs

The University of Pavia offers **PhD programs** which allow students to develop not only their skills in view of future careers in Academia, but also abilities that can be exploited outside the University. These **3-years programs** cover three macro-areas: Science and technology, Life science, Human and social science.

Candidates holding a Master's Degree are selected in a public competition which can involve the evaluation of the qualifications and of their research project, a written exam and an interview. The programs offer a number of **scholarships**, assigned according to the ranking of the public competition.

Learn more: phd.unipv.it/phd-programs

Research

Join our research world! Unipv excels in basic research, applied research and knowledge transfer.

Careers support

A wide range of coaching and guidance support for all your career development needs, including one-to-one career coaching appointments.

Internship hub

Unipv offers students part-time collaborations and tutoring activities at the University and supports graduates in the research of an internship in Italy and abroad.

Connect to our alumni

The alumni association encourages and supports the entry of new graduates in the world of work.

Innovation and entrepreneurship

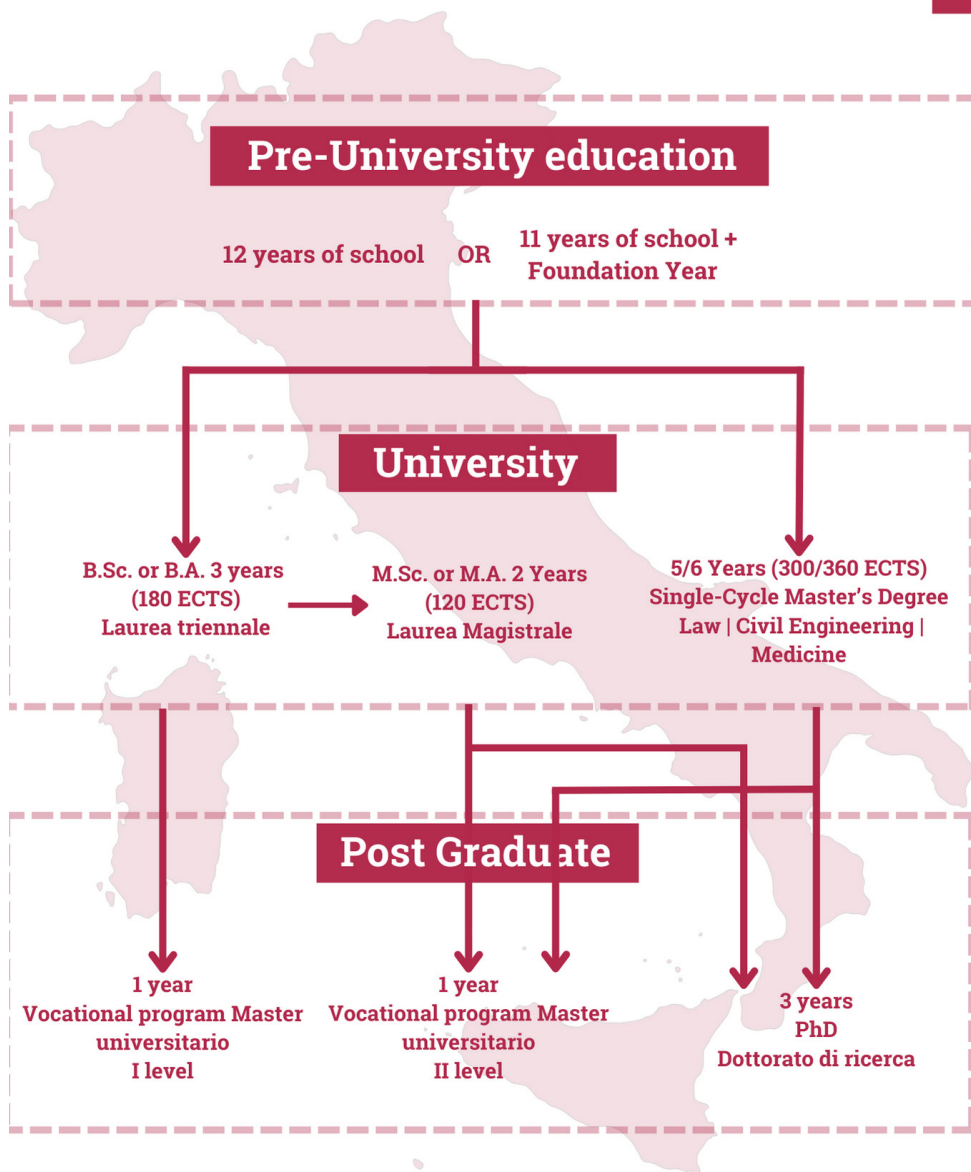

Unipv promotes networking between its graduates and inspiring entrepreneurs.

Excellence

Unipv is the core of the so called 'innovation ecosystem' consisting of a number of institutions of excellence in the territory
